MINISTRY OF IRRIGATION AND POWER

New Delhi, the 6th December 1963

RESOLUTION

No. D.W.V. 527(26)/63.—The question of developing a scientific system of flood forecasting and flood warning for the whole country as a measure of flood control has been engaging the attention of the Government of India for some time. A dependable system of flood forecasting is also essential in the efficient operation of large storage reservoirs to derive maximum benefits of flood control, power generation and irrigation.

2. The Government of India have, therefore, decided to set up a Committee consisting of the following persons for examining the various aspects of the subject :—

- (1) Dr. K. R. Ramanathan, Chairman, Geophysics Research Board and Director, Physical Research Laboratory, Ahmedabad—Chairman.
 - (2) Dr. P. R. Krishna Rao, Director General of Observatories, India Meteorological Department, Government of India—Member.
 - (3) Shri R. D. Dhir, Chief Engineer, Flood Control, Central Water & Power Commission, Government of India—Member.
 - (4) Shri P. R. Ahuja, Chief Engineer, Field Investigation and Trisuli, Central Water and Power Commission, Government of India—Member.
 - (5) Shri B. B. Dutta, Director, Bridges and Floods Research Designs and Standards Organisation, Ministry of Railways, Lucknow—Member.
- Shri R. C. Shenoy, Director, Hydrology and Statistics, Central Water & Power Commission, Government of India will be the Secretary of the Committee.

3. The terms of reference of the Committee will be as follows :—

- (1) To study and review the present flood forecasting and warning methods prevalent in different parts of the country.
- (2) To collect information about, and study, the latest techniques and methods of scientific flood forecasting and warning in USA, USSR and other advanced countries and recommend a scientific method or methods of flood forecasting suitable for the different regions of India.
- (3) To examine the adequacy of the present organisation and methods for collection, dissemination and publication of data of river discharges and river levels in the country and suggest additions and modifications necessary to meet the needs of scientific flood forecasting.
- (4) To recommend a suitable organisation and procedures that may be necessary for undertaking an effective system of scientific flood forecasting and warning for the entire country.
- (5) To consider and make recommendations on any other matter that may be relevant to the adoption of a scientific flood forecasting and warning system for the country.

4. The Committee will submit its report within a period of 4 months.

ORDER

Ordered that the Resolution be communicated to all the State Governments, the several Ministries of the Government of India, the Comptroller and Auditor General of India, Prime Minister's Secretariat, the Cabinet Secretariat, the Secretary to the President and the Planning Commission, for information.

Ordered also that the Resolution be published in the Gazette of India and that the State Governments be requested to publish it in the State Gazettes for general information.
